

Cohutta-Chattahoochee Scenic Byway Northwest Georgia

The Cohutta-Chattahoochee Scenic Byway is 54 miles of natural beauty and historic discovery in the rural communities surrounding the cities of Dalton and Chatsworth in northwest Georgia. Built into the very fabric and heritage of the land and its people are the scenic, cultural, recreational, archeological, historic, and natural treasures often missed on the routes most traveled.

There are three trail heads highlighting different things along the byway. Historic Prater's Mill, built in 1855, shares the history and culture of the area. Cohutta Fishery features natural and recreational opportunities. And Fort Mountain includes the scenic and archaeological.

Start at either end of the Byway but take time to explore. Nearby you can find antiques in Cohutta, explore Cherokee history at Red Clay State Park, have a picnic at Prater's Mill, shop in downtown Dalton or Chatsworth, visit the Chief Vann House, or hike at Fort Mountain State Park!
