CAMPUS HIGHLIGHTS

Project Chimps was founded in 2014 to provide sanctuary to former research chimpanzees. This 230+ acre property is now home to over 100 chimps!

You will be able to hear the chimps while you hike and you just might be able to catch a glimpse from the **Overlook** when the chimpanzees are in the **Peachtree Habitat.**

Visit **Project Harvest** to see what is growing to feed the chimps. Or stroll through the **Remembrance Garden** to pay respects to the chimps who have passed.

Purchase souvenirs, water, snacks or discuss getting involved with our organization at the **Gift Shop.**

Stay onsite in the **Historic Cabin** via Airbnb or in the yard via Harvest Host. The **Campsite** is available for scout groups upon request.
