DISCOVER *Small Town Charm*

In Madison, the pace is a bit slower and the tea tastes a little sweeter. Majestic, historic homes look over oak-lined streets, couples picnic by trickling fountains and manicured gardens burst with radiant color and fragrant perfume. It's a scene that won't ever go out of style. Whether you come for the day or stay for a lifetime, you'll arrive as a stranger but leave as a friend.

Established in 1809, Madison is the proud home to one of Georgia's largest and oldest historic districts. Lauded as one of "The South's Prettiest Towns," *Southern Living* magazine wrote, "In Madison, Georgia, you can witness the power of tireless historic preservation efforts and take in the glory of old Southern architecture—from Greek Revival to Victorian, this town showcases all the great architectural styles," while *Garden & Gun* magazine notes, "Madison's history isn't something suspended in amber... the town feels lived in, as comfortable as an old leather chair. Historic spaces find new purpose."

Indeed, Madison's historic downtown bustles with dozens of small, independently-owned shops and restaurants while numerous events invite visitors to celebrate art, food, music and so much more with the community. Slip into a Southern state of mind and take time to enjoy life's simple pleasures with us!

GO EXPLORE

Morgan County

A photograph of three people in a green canoe on a calm lake. The canoe is labeled "Mad River Canoe". The people are wearing life jackets and are paddling. The background shows a dense forest of trees with some autumn-colored leaves. The water is still, reflecting the surrounding trees and sky.

Whether you enjoy your morning drive through scenic byways edging pristine farmland or off the first tee at The Creek Golf Course at Hard Labor Creek State Park, visitors find their peace strolling Morgan County's small towns, discovering miles of trails at Hard Labor Creek State Park, fishing at one of three sparkling lakes, and so much more.

Hard Labor Creek State Park

Georgia's second-largest state park offers a wide range of recreational opportunities in a beautiful wooded setting. With two stocked lakes, a sand beach popular with swimmers during summer months, an active events calendar and 20+ miles of trails for hiking, mountain biking and horseback riding, there are plenty of ways to enjoy an extended stay in one of the park's 20 completely renovated and spacious cabins or soak up the true camping experience at one of 50+ tent and RV campsites.

The Creek Golf Course at Hard Labor

The Creek Golf Course at Hard Labor

As one of only eight state park golf courses in Georgia, this challenging 18-hole course has been named "the 4th sweetest deal in the USA" by Golf Digest Frugal Golfer. Pros, families and first-time golfers alike enjoy the course's pristine natural setting, Bermuda greens and signature 14th hole—not to mention affordable stay and play packages for a relaxing golf getaway.

The Town of Buckhead

Not to be confused with Atlanta's bustling Buckhead, our Buckhead is known as the REAL Buckhead! Making up the western banks of beautiful Lake Oconee, this town (population 187) is home to Blue Springs Marina, Sugar Creek Marina and the exceptional Steffen Thomas Museum of Art. Settled in the early 1800s, Buckhead was incorporated in 1908. But its heyday came in the 1930s when the Georgia Railroad designated it as a layover between Atlanta and Augusta.

📍 City of Rutledge Mural

The City of Rutledge

Just west of Madison lies Rutledge, a town of only 800 and the gateway to Hard Labor Creek State Park. Rutledge's historic district is virtually unchanged since its heyday as a railroad town, founded in 1871. Here you can grab lunch at a deli housed in the last caboose to travel the Rutledge rails, pick up flower seeds at a hardware store in continuous operation since 1891, or maybe just catch up with an old friend over a piece of buttermilk pie at Yesterday's Cafe. With a popular farmer's market, summer concert series and other fun seasonal events – Rutledge may be small, but it sure is special!

📍 Bostwick Cotton Gin Festival

The City of Bostwick

In the 1920s, when cotton was king, Bostwick too was a booming town. It contained several cotton gins, a cotton seed mill, masonry, depot, train station and more. Today, Bostwick maintains one of the few operational cotton gins in Georgia.

Each year in November, the town celebrates its agrarian roots with the Cotton Gin Festival to support the restoration of the Susie Agnes Hotel, which now serves as the town's city hall. Many may recognize this red brick building from its film debut as Parker Hotel in the 1992 comedy *My Cousin Vinny*.
