MUSICAL PLAYSCAPES

People everywhere celebrate their joys, lament their sorrows and express their love through the arts. In 1982, to help fill this universal need for expression, Bond Anderson developed the musical playscape: a permanent outdoor installation of tuned musical instruments built to stand up to the weather and designed for the durability a playground setting requires.

NEW! TODDLER MUSIC STATION

MUSIC STATION: Marimba, Rain Wheel, Metallophone, and Tongue Drum pair.

Preschool Music Station.

Toddler Music Station is smaller

Rain Wheel & Stand

RAIN WHEEL ON STAND

Based on the rain stick rattle of the Americas.
22" dia. PVC pipe wheel

Rain Wheel
Rain Wheel & Stand

Stands and Case Materials: *your choice of either* lumber made with recycled plastic (post consumer plastic), or child safe pressure treated Southern Yellow Pine. The front and back of instruments with resonators (painted PVC) are enclosed with "Aquamesh", a plastic coated galvanized welded wire screen.

Tone Bar materials: "Ipe" (a sustainably harvested Brazilian hardwood) on marimbas, amadindas, and drums. Metallophones have aluminum tone bars.

Mallets are made from UV rated polyurethane rod, strung on vinyl coated cable with additional rubber housing installed to slide on the powder coated metal pipe (or on a screw eye for drums). Mallets come with the instruments that need them.

Installation Packet, instructions and hardware, is included with every instrument.

Instruments meet ADA, ASTM and CPSC safety and accessibility standards.

All our instruments are built to order. Expect from four to ten weeks before delivery depending on the season.

Order Process:

1. You tell us your selection and shipping address.
2. We plan the shipping pallet and get a shipping quote (approximately 15% of the order, depending on location.)
3. We send you an invoice for approval.
4. You send a deposit to confirm the order. 100% on single instruments; 50% for two or more. The remainder is due when the order is ready to ship.
5. When we ship your order we can give you the tracking number so that you may track your shipment.

Purchase Order Policy:

If necessary, governments and schools may submit a purchase order.
