ROSWELL Ghost Tour

Your experienced guide will lead you on this 2 1/2 hour tour through the historic mill district of Roswell. One of the highlights of the tour is a visit to Founder's Cemetery, the burial site of the founder of our city, Roswell King. Here, bodies of other founding families and their slaves are buried beneath modern streets and houses. Grand Greek revival mansions and humble mill worker's apartments are some of the haunted sites you'll see on this mile of easy walking. We are experienced paranormal investigators who promise to thrill, educate and enlighten with this experience.
