Come and explore the *Dub Denman Canoe Trail* which is 27 miles of the Tallapoosa River in Haralson County, Georgia.

The Tallapoosa River runs 265 miles from the southern end of the Appalachian mountains southward and westward through Alabama. The beautiful Tallapoosa River is the perfect place for canoeing, kayaking, and tubing. The water is clear and the scenery is beautiful. The **Dub Denman Canoe Trail** has 4 convenient launch sites in Haralson County, Georgia.

Launch Site: Popular Springs

This launch site is located off of Popular Springs Road in Tallapoosa, GA. The average float time between Popular Springs and GA Hwy 100 is 2 hours.

The Tallapoosa River is the main source of water for the citizens of Haralson County. There is a small dam located downstream from this launch at the Hwy 100 bridge but there is a portage around for safe paddling. As you travel south approaching the dam please stay to the left side of the river for the portage.

2122 Popular Springs Road Tallapoosa, GA 30176

From downtown Tallapoosa, go north on Hwy 100 through town approximately 5 miles to Pope Rd. Turn right and travel ¼ mile to Poplar Springs Road. Turn right. Launch site is approximately 1 mile on the left before you cross the bridge.

Launch Site: GA Hwy 100

This launch site is located off of GA Hwy 100 in Tallapoosa, GA. The average float time between GA Hwy 100 and Broad Street is 2 hours.

4689 GA Hwy 100 Tallapoosa, GA 30176

Directions from downtown, head north on Hwy 100 approximately 2 miles. Water Works launch site is on the right. Take an immediate left in front of gate down to the river.

Launch Site: Broad Street

This launch site is located off of Broad Road in Tallapoosa, GA. The average float time between Broad Street and Lazy River Rentals is 2 hours.

1985 Broad Street Tallapoosa, GA 30176

From downtown, head north on Hwy 100 approximately 1 mile. Broad Street is on the left. Travel 2 miles to the Tallapoosa River. Plenty of parking available

Launch Site: Lazy River Rentals

Lazy River can furnish your paddling needs from canoe, kayak or tube. Call ahead for reservations. They will also furnish put in and take out transportation with your own craft for a fee. They are located at the end of the Dub Denman Trail but you can continue on the Tallapoosa into Alabama where the river becomes much wider. This is private property. Fees could apply.

131 Doe Valley Dr, Tallapoosa, GA 30176 Tallapoosa, GA 30176 770-574-0995

From Head Avenue downtown, head west on Hwy 78 approximately 3.5 miles. Turn left on Doe Valley Drive. A quarter of a mile on the right is the Lazy River Supply store and location of registration. Plenty of parking available.

Mize Bridge was built in 1897 and abandoned in 1982 when a new bridge was built. The Mize bridge was constructed by Virginia Bridge and Iron Co. It's located near the Poplar Springs launch site.

Cool Fact: The amber darter is an endangered species that lives in the Tallapoosa River. It's body is short and slender that is golden brown with dark saddle-like markings. They feed primarily on snails and insects.
