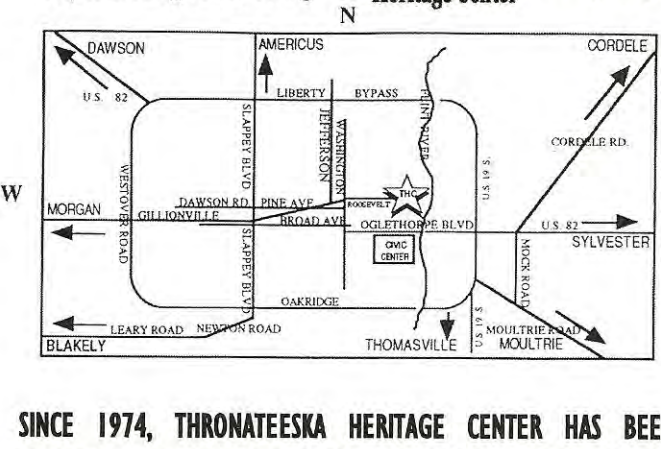
Thronateeska Heritage Center Albany, Georgia



SINCE 1974, THRONATEESKA HERITAGE CENTER HAS BEEN DEDICATED TO THE EDUCATION OF OUR COMMUNITY AND VISITORS FROM AROUND THE REGION.

What is "Thronateeska?"

\thrō · nə · tē · skə , — *noun*

1. A Muskogee Creek Native American name that is generally understood to mean "flint picking up place," among other translations. It was used as a name for the area around present-day Albany and for the Flint River.
2. A 501(c)3 non-profit organization incorporated in 1974 for the purpose of historic preservation and science education in Albany and Southwest Georgia.
3. Museums located at Heritage Plaza, the 100 block of West Roosevelt Avenue in Albany, on the only remaining brick street paving the city. The campus includes three museums (history, science, and transportation) and a 40' full dome HD planetarium system, the first in the world of its kind.
4. A "must-see" place to visit!

WETHERBEE PLANETARIUM—Five fantastic HD shows!

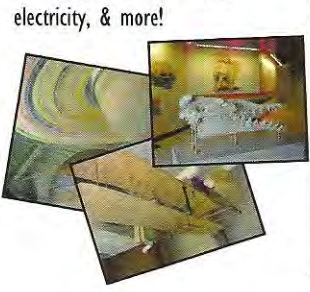
Transportation Museum

See a steam engine, a nearly 100-year old train station, a model railroad* inside of a train car, and explore a caboose!

**Model railway only open Saturdays or by appointment.*

Science Museum

Full of hands-on activities, explore archeology, weather, water, electricity, & more!



HISTORY MUSEUM

Step back in time and reminisce about the good old days in "The Good Life City" as you walk through Albany's historic 1913 Union Depot. From candy canes to flint points, the history museum is a cultural heritage gem.
