

# Village Inn and Pub

WINNER 2003 COASTAL LIVING AWARD

*"A little Piece of Heaven."*

—COASTAL LIVING MAGAZINE

*V*illage Inn and Pub, nestled beneath the ancient live oaks of St. Simons Island, offers something for everyone. Located in the heart of the Historic Village and Lighthouse District, the best of St. Simons Island is at your doorstep.

I've heard many folks buzz about the environmental awards the inn has garnered, yet as I arrive, it is the property's beauty and grace that captivate me.
